HELPING TO MANAGE YOUR PATIENTS... AND YOUR PRACTICE

"Since 2006, Practice Guardian has become vital to our practice. Easier patient management, streamlined staff, enhanced medical billing, and better care are just a few of the benefits. Furthermore, the Practice Guardian developers have been outstanding innovators who have consistently provided meaningful enhancements to the product."

- Michael Davidson, O.D.

Practice Guardian is designed by practice owners in the health care field, with one simple vision in mind: **optimize operations to improve patient care and increase revenue.**

- Your staff will be better-organized, more efficient, cost-effective, and well-informed to meet the needs of your patients
- Accurate medical information will yield better care
- Waiting room times will be reduced
- Scheduling will be simplified
- Recalls will be delivered on time and without hassle

BETTER PATIENT MANAGEMENT
BETTER CARE
BETTER REVENUE

PRACTICE GUARDIAN IS:

- SECURE
- COST-EFFECTIVE WITH IMMEDIATE RESULTS
- SCALABLE TO MEET YOUR GROWING NEEDS
- SEAMLESSLY INTEGRATED INTO YOUR WEBSITE (NOT OURS)
- RISK FREE; NO LOCK-IN CONTRACTS

GOOD FOR YOUR PATIENTS... GREAT FOR YOUR PRACTICE!

Your Practice's Benefits

- **Electronic medical information is better organized**, easier to access, and better suited for gleaned business intelligence
- **On-line appointments fill your calendar** & drive your revenue upwards
- **Streamlined automated recalls save your staff time** – save your postcards for vacation!
- **We constantly upgrade the program.** New Internet-accessible features are immediately made available so that you can continue to improve your business
- **Practice Guardian functionality is embedded into YOUR website**, maintaining your branding
- **We care for the IT infrastructure** so that you can focus on caring for your patients
- **Improved care** increases returning patients

Your Patients' Benefits

- **No need to constantly repeat medical information during visits** – enter it once, then update it before return appointments. Simple & secure!
- Pre-appointment insurance validation **reduces waiting room times**
- Electronic recalls provide **friendly reminders**
- **Can pick and choose appointments** that fit into their busy day
- Improved care **improves health**

Electronic Medical History

Patients securely **enter their medical information once**, and then update it prior to subsequent visits.

On-line SMART Scheduling

This feature is more than just an on-line appointment calendar. It **utilizes patient's medical information to offer the right appointments**. For example, patients requiring extensive care are not offered the last appointment of the day!

Automated Electronic Recalls

Go paperless! Recalls can be **automated through emails or text alerts**, saving time, effort, and money for your staff.

Business Intelligence Reports

Ensure that your patients are getting the **right care** & that your practice is **maximizing revenue**.

...and more!

We never stop creating ways to make it easier for you to **provide better care** to your patients while **improving your bottom line**.

We work with doctors in every field. How can we help you?

Whether you are an optician, dentist, pediatrician, or a specialist in any other field, we will help you customize on-line questions for your patients so that they can provide you with the right information **before** they come into the office.

"Practice Guardian is a much needed product for our practice. Our patients are able to save time. Our offices enjoy having all patient information prior to appointments. Our doctors appreciate having a thorough review of each patient's information. And our optical staff appreciates having the additional tools that allow them to maximize sales."

- Jack Schaeffer, O.D.
